LE WAND CARE

- Always clean and dry your device thoroughly before and after use. Do not store wet. We recommend that you use a mild cleanser that is suitable for use with silicone items. Use water based lubricant as desired. Not compatible with silicone lubricant.
- Avoid leaving your device in direct sunlight and never expose it to extreme heat.
- Always keep your device fully assembled during use and make sure all seals and connections are tight. Your device is only waterproof when properly assembled.
- Your device is designed to warm up during use. The silicone texture covers are to be used to add texture and minimize warming if desired when in use.
- These compact massagers are designed for external use only unless used in combination with the textured silicone ring.
